

MSC OTA Organizations

The Murray State College Student Occupational Therapy Association (MSC—SOTA) is a non-profit, pre-professional student organization geared to promote leadership skills, professional development, and the enhancement of the student's education experience. The creation of values and demonstration of occupational therapy services are advocated and promoted through:

Students obtain knowledge of occupational therapy services in the communities in which Murray State College serves.

Students work together to raise money for community service activities and for the annual OTA Pinning Ceremony.

Students obtain professional and educational experiences through participating in professional organizations.

Occupational therapy assistant students have the opportunity to apply to the national honors society for OTAs if the student has a 3.5 GPA and is in the top 35% of their class within the OTA program after a full semester of the OTA program. AOT is a nationally recognized association that promotes the "infante power of the skilled occupational therapy assistant". Student members of AOT will be provided with superior leadership, scholarship and/or service opportunities while in the OTA program.
